SUMMARY

Software Engineer with a strong foundation in Java, the MERN Stack, PostgreSQL, AWS, and REST APIs. Passionate about building scalable, user-focused applications and solving real-world problems through clean, efficient code. Quick learner with strong analytical and collaboration skills.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL, HTML5, CSS3

Frontend: React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Databases: PostgreSQL, MySQL, MongoDB, Oracle

Cloud & DevOps: AWS (RDS, S3, ECS), Git, GitHub, Docker, Vercel, Render

Tools: VS Code, Eclipse, Postman

EXPERIENCE

Skill Rider (Atidhi Innovative Solutions Pvt Ltd) | Software Developer Intern | Feb 2026 – Jul 2026

- Developed a scalable MERN-based digital storefront and order management platform.
- Built a Generate module that creates personalized website ZIP packages with unique store URLs, enabling one-click deployment for each store.
- Enhanced the build generation pipeline by adding support for personalized Android APKs and extending it toward iOS (IPA) deployment.
- Implemented REST APIs, authentication, RBAC, and payment webhook integration.

PROJECTS

HawkEye – Threat Detection & Monitoring System (Python, Kafka, MongoDB)

- Built a real-time threat detection system with anomaly detection, risk scoring, and automated security alerts.

Inkwell Blogging Website (MERN, Gemini AI)

- Developed a full-stack blogging platform with AI-powered summaries, rich text editing, image uploads, and REST APIs.

Library Management System (Java, MySQL)

- Built a console-based application with CRUD operations, inventory management, and data validation.

EDUCATION

Bachelor of Engineering (Information Technology)

M. H. Saboo Siddik College of Engineering | 2026 | CGPA: 9.05

Diploma in Computer Engineering

M. H. Saboo Siddik Polytechnic | 2023 | 85.37%

CERTIFICATIONS & ACHIEVEMENTS

- JPMorgan Chase Software Engineering Virtual Experience (Forage)
- Deloitte Australia Data Analytics Virtual Experience (Forage)
- Python Programming – Suven Consultants
- Smart India Hackathon Participant (2022)
- State-Level Website Development & Technical Paper Presentation
